 Dear _____

Congratulations! We are pleased to inform you that you have been admitted to the University of Ottawa in the:

**Honours Bachelor of Science
 in Biomedical Science
 2025 Fall Term
 Offered in English**

We ask that you carefully read this offer and respond by June 20, 2024 to secure your place in the program.

The Faculty of Science enjoys a sterling reputation for teaching and research. Many of our professors are internationally renowned. Your decision to join the Faculty means that you will be taught by professors who are unequalled in their fields and who can link their research directly to their teaching. Your training and your successes are our top priorities, which is why we offer a wide range of services to improve your chances of success and to help you explore your full potential. Knowledge is only one part of the equation. We also want to sharpen your sense of judgment and independent thought. You won't be sorry you chose us.

We believe that the role of universities is not only to impart knowledge, instill discipline and teach people how to learn, but also to encourage students to question and improve the world around them. We will work with you to achieve these objectives so that you will be able to contribute throughout your career to the betterment of society. And that, after all, is why we are here.

The University guarantees you a room in residence. In order to reserve your room, follow the instructions on the [Housing Portal](#) and be sure to pay the housing deposit by the [deadline](#).

We will send you more information on course enrolment once you have accepted your offer of admission.

If you have any questions about this offer, or about the University of Ottawa, feel free to [contact us at the Admissions Office](#). In the meantime, it's your responsibility to ensure that we always have an accurate email address on file since we will be using this email to regularly update and inform you of information that is going on at the University.
